CURRICULUM VITAE

Lukas Simon

Engineering Lead at Ventrata

42lukas.simon@gmail.com | linkedin.com/in/simon-lukas

PROFILE

I build apps for mobile, desktop, and the web with Flutter, Dart and Jaspr, using a shared codebase, scalable architecture, and an interface that fits the platform.

FOCUS

Dart / Flutter / Jaspr / Firebase & Supabase / Java & Kotlin / SQL & NoSQL / Software architecture / Team leadership

EXPERIENCE

Ventrata | Engineering Lead

Aug 2026 - present

Leading Flutter development.

Seznam.cz | Flutter Team Lead

Jun 2020 - Jul 2026

Built multiple production and internal Flutter apps, progressing from proof of concept development to oversight of a division's app portfolio.

Developed CI/CD pipelines and led hiring, onboarding, management, and professional development.

CTU in Prague | Speaker

Mar 2023 - present

Present Flutter and multiplatform development in a mobile development course.
